INTERNATIONAL CONGRESS ON  
**CONTROLLED ENVIRONMENT  
AGRICULTURE**  
VERTICAL FARMING • GREENHOUSE • AG TECH

**International Congress on Controlled Environment Agriculture (ICCEA)**

**5/17/2017 - 5/19/2017**

**Hotel El Panama Convention Center, Panama City, Panama**

ICCEA 2017 will be the place to engage, learn and apply the foundations of controlled environment agriculture (CEA) from renowned experts in the applied fields of science, horticulture, lighting, robotics and engineering.

Engage with like-minded people and industry experts from around the world such as investors, innovators, manufacturers and suppliers as well as going into depth in this edition's theme: "Using Science and the Market to Build a Successful Controlled Environment Agriculture Business".
