Native Plants Conference

5/31/2017 - 5/31/2017

Wes Watkins Center, Stillwater, Oklahoma

Oklahoma Native Plants Conference is presented by the Oklahoma State University Department of Horticulture and Landscape Architecture. The conference is designed for anyone interested in native plants, especially professionals in growing, maintaining and designing with plants. Speakers include OSU and industry professionals, and cover a wide variety of topics, including conifers, natives for the landscape, gardening with natives, landscape design challenges using native plants and sowing seed.
