

Horticultural Lighting Conference USA

10/17/2017 - 10/17/2017

Denver Marriott City Center, Denver, Colorado

The 2017 Horticultural Lighting Conference will explore the use of horticultural lighting in the North American grower and manufacturer markets. Connecting research and technology to end user applications, the Horticultural Lighting Conference's U.S. edition will focus on the latest trends, techniques and technologies impacting the advancement of the market, plus provide key insights into harnessing the opportunities in this emerging sector.
