## MSU Greenhouse and Horticultural Lighting Online Course (English and Spanish)

12/1/2018 - 2/28/2019

Registration begins November 1 through the end of the month.

This 4-hour self-paced, online class consists of pre-recorded lectures and video demonstrations and includes the importance of light for plant growth; light quality, intensity and quantity; photoperiodic lighting; and photosynthetic (high-intensity) lighting with both conventional lamps and light-emitting diodes (LEDs).
