Ball Publishing Webinar: Get More from Your Growing Media

6/29/2021 - 6/29/2021

1:00 PM Eastern/12:00 PM Central

Growing media is an important part of crop production. It's the foundation for starting and producing quality crops. Understanding the chemical, physical and biological properties of growing media will help you to select the best growing medium for your particular crop needs. Discover in this webinar how you can get more from your growing media to produce better-quality crops. Sponsored by: Premier Tech
