2021 VIRTUAL  
PLANT LIGHTING  
SHORT COURSE

## Plant Lighting Short Course

10/14/2021 - 11/18/2021

Thursdays 2:00-4:00 PM Eastern/ 1:00-3:00 PM Central

GLASE  
Lighting Approaches to  
Maximize Profits

OptimIA

Working in partnership, GLASE, OptimIA, and LAMP are excited to announce the first annual Plant Lighting Short Course. The virtual event will run for six weeks and provide information on all aspects related to selecting and implementing lighting, as well as the benefits of different systems. Earn up to 12 Certified Crop Advisor CEU credits.
