2021 VIRTUAL
PLANT LIGHTING
SHORT COURSE

Plant Lighting Short Course

10/14/2021 - 11/18/2021

Thursdays 2:00-4:00 PM Eastern/ 1:00-3:00 PM Central

GLASE
Lighting Approaches to
Maximize Profit

OptimIA

Working in partnership, GLASE, OptimIA, and LAMP are excited to announce the first annual Plant Lighting Short Course. The virtual event will run for six weeks and provide information on all aspects related to selecting and implementing lighting, as well as the benefits of different systems. Earn up to 12 Certified Crop Advisor CEU credits.
