

American Grown Field to Vase Dinner

9/26/2020 - 9/26/2020

Ocean Breeze Farm, Arroyo Grande, California

The American Grown Field to Vase Dinner Tour, presented by the California Cut Flower Commission, is a series of intimate, must-attend gatherings that place seasonal, local and sustainable American Grown Flowers at the center of the table where locally grown food, beer and wine is served by a farm-to-table chef. Each artisan-style dinner is held at a breathtaking venue — an American flower farm that encourages guests to experience the age-old art and science of flower farming.
