Ball Publishing Webinar: Best IPM Practices for Piercing & Sucking Insects

6/16/2020 - 6/16/2020

1:00 PM Eastern/12:00 PM Central

In this free webinar, Jen Browning and Peggy Clanton of BASF, and Jorge Bernal of Costa Farms discusses the management of aphids, whiteflies, mealybug and scale insects on ornamentals, being in close contact with your target pests, seasonality and timing, and the best approaches to get your IPM to really deliver. Theyâ€™ll also talk about how to integrate biologicals and conventional tools to make both work better.
