

## ACI's Biostimulants Europe

11/18/2020 - 11/19/2020

Granada, Spain

ACI's Biostimulants Europe 2020 will bring together senior executives and experts from biostimulants manufacturers, research institutes, chemical companies, farmers and growers, major associations, technology companies, consultants, to discuss the latest changes, challenges and developments within the industry. The two-day event will give you an insight into the latest updates on the European Biostimulants' regulation, global biostimulants' market, environmental effects, biostimulants for sustainable future, microbial and non-microbial products, mode of action and much more.
