

OUTSIDE: Sustainable Landscape Collaborative 2020

10/22/2020 - 10/22/2020

12:00 - 5:00 PM Eastern/11:00 AM - 4:00 PM Central

OUTSIDE focuses on the intersection of academia, industry and government in order to increase the adoption of sustainable landscape practices in Florida. It provides a forum for collaboration, the sharing of best practices and showcasing innovative projects and trends. Through a unique collaborative, virtual platform, they'll unravel the issues, define the most relevant topics and build a strategic framework to advance sustainable landscaping in the State.
