## UNH Cooperative Extension Landscape and Greenhouse Team Webinar Series: Plant Lighting for CEA Crop Production

3/2/2021 - 3/2/2021

12:00 - 1:00 PM Eastern/ 11:00 AM - 12:00 PM Central

Every Tuesday February 2nd to March 30th, the UNH Cooperative Extension Landscape and Greenhouse Team is hosting Plant Production lunch time webinars. One pesticide credit will be available for each of the talks. In this webinar, Dr. AJ Both, Extension Professor/Extension Specialist at Rutgers University NJ will discuss the engineering aspects of plant lighting for CEA crop production, basic aspects of light and lighting systems, and criteria growers can use to select the most appropriate lighting system for their operations.
