AIPH 2021 Green City Conference

4/22/2021 - 4/22/2021

Virtual event

Register to hear about innovations and advances in city greening from the Champions of Green Cities. A line-up of expert international speakers will share best practice and experiences of how they increase living green in cities, present innovative thinking in how living green shapes city form and function, and describe case studies of cross-disciplinary benefits from city greening.
